What to do if your program does not appear on the list in Cal State Apply??

First, just a bit of information.....there are three **types of degrees** you can apply to at the Graduate level at San Diego State University. When you set up your Cal State Apply application you are asked to pick one:

**MA degree or higher**

- This group includes all Master’s degree and doctorate degrees
- Looks like this in the Cal State Apply program list:

**Teaching Credentials**

- This group contains all credentials, preliminary, clear and non-teaching credentials
- Looks like this in the Cal State Apply program list:

**Post-baccalaureate Certificate**

- This group contains all Graduate level Certificates
- Looks like this in the Cal State Apply program list:

If you are applying to a program in the College of Education at San Diego State and you don’t know what type of degree you are applying to, we have our programs ordered by type on our [main College Admissions page](#)
If the list of programs you are seeing has the incorrect type of degree listed then you entered something incorrectly in your account profile. To get back to your profile you need to:

- choose any program on the list (by clicking on the blue box with a + sign), even though it is not the one you want.
- Click on the blue button that says, I am done, Review my Selections, towards the top of the program page
- Then click on the blue button, Continue to my Application

This should take you to the main application screen that looks like this:

Yours won’t have many green boxes, but it should look similar to this screen shot.

To return to your profile to change your type of degree you will need to click on the arrow next to your name that should appear on the top right corner of this web page (see red circle).
If you click on this arrow you should see the following menu:

Choose **Extended Profile** and you will be returned to the page in account creation where you choose the type of degree you were applying to. Once you make the correct choice on this page and save the changes you should be taken to a listing of programs where you will be able to find the program you are looking for:
