ONLINE GRADUATE-LEVEL PROGRAMS IN COUNSELING AND TRAUMA-INFORMED CARE

San Diego State University is offering two new **online** programs for educators and mental health professionals:

Advanced Certificate in Mental Health Recovery and Trauma-Informed Care:

- Learn trauma-informed treatment models for ethnically and linguistically diverse contexts.
- Identify proactive and responsive restorative practices to address school-to-prison pipeline.
- Excel at working with children and adults impacted by familial and environmental trauma.
- The 12-unit graduate-level curriculum can be completed within six months.
- All courses can be applied to the new online Master of Arts in Education with a concentration in Counseling.
- Understand recovery-oriented approaches to mental health wellness.

SAN DIEGO STATE
UNIVERSITY

These new programs are offered through SDSU's College of Education
