

CRMSE Colloquium Announcement

Dr. Jeffrey Bennett

Astrophysicist and Educator

Strategies for Teaching Science

Thursday, November 13, 2014

4:30-5:30 pm

6475 Alvarado Road, Room 218

RSVP: <https://crmse.wufoo.com/forms/crmse-colloquia/> or
Karen Foehl Palmer, kfoehl@mail.sdsu.edu

Abstract: What does it take to be a successful science teacher? In this presentation, I'll focus on the idea that the key to success lies in finding ways to get students to put in the study and effort necessary for true learning. Following a brief introduction on teaching philosophy, I'll provide concrete examples of principles and strategies that should help in your teaching, regardless of the particular science subject, grade level, or number of students you teach. Note: This presentation follows the organization of my book *On Teaching Science* (www.onteachingscience.com)
