

Interested in improving your mathematics and science teaching or earning your Clear Credential? Perhaps you are interested in doing both!

## OPTION 2:

### MAT in Mathematics and Science Teaching for TK-12 teachers

- Exclusive to San Diego
- Designed for TK-12 teachers who want to improve their math and science instruction
- 24 units of coursework\* in four semesters (No Summer Classes)
- Two days per week
- Option to earn Foundational Credentials in Math and Science\*\*

\* If invoking the option to use 6 additional units from credential coursework.

\*\* Must already have a preliminary teaching credential and must pass the appropriate CSETs. Free CSET preparation courses are available from SDSU's MSTI program. See: [go.sdsu.edu/education/msti/](http://go.sdsu.edu/education/msti/)

## OPTION 1:

### Dual MAT/Induction Program for Contracted Multiple Subject TK-8 Teachers

- Exclusive to San Diego County
- All the benefits of Options 2 and 3
- Savings of ≈ \$6,000 compared to doing each program separately
- 48 units in 4 semesters and increased salary potential!
- Coursework that makes a difference for teachers and their students

Have questions about the program and program costs? Need application materials?
