Skip the Scams and Use These Job Search Websites!

Small businesses and start-ups love Craigslist because it's a simple and free method to list job openings. However, scammers love Craigslist because there's little enforcement. For a more credible, updated, and refined job search, try these websites:

[Aztec Career Connection](#) is an online career and employment management system for SDSU students and alumni (with alumni fee paid by the DOR).

[USAJobs.gov](#) is the Federal Government's official one-stop source for Federal jobs and employment information.

[CalJobs.ca.gov](#) has extensive job and internship listings which can be sorted by categories.
